Action Information	
<p>Description: At 15:30 hour on 3/27/12, the duty OSC calls Greg A. to verify the information in the NRC report. He said the spill area is located on Tribal land (Three Affiliate Tribes) and he had called the tribe to report the spill (Clayton Exemption6). Greg confirmed that it was a minor spill, only small amount (1 gal) of oil got into the pond (the pond is 4.7 miles from Sakakawea Lake) and it was contained by boom and absorbent .His cleanup crew would excavate the contaminated soil area.</p> <p>At 16:00 hour, the duty OSC tried to contact Clayton but there was not successful. On 3/28/2012, at 08:00 hour, the OSC called Clayton again but he was out of the office, the OSC left message (to the tribal office staff) and requested him to call back.</p>
